

RANDERSON OHANA

Funeral | France Trip | Maternal Health School | Fall plans

New Mailing Address

We closed on the purchase of our condo in May. It has been SUCH a weight off our chest to now own our condo, and to have certainty of housing in the Kona market.

Please see our new mailing address below, and update your records.

Paul has accepted the role of Association Board Treasurer, which he enjoys.

Kyle France Trip

(From Kyle) This summer I had the opportunity to go to France with my high school's JROTC program. History has always been a strong passion of mine, so the chance to represent my country at the D-day memorial events was a dream come true. The first ceremony was beautiful, there were actual D-day veterans giving testimonies on stage, and choirs from all around the world singing hymns. We then had the opportunity to find soldiers who had died on D-day that were from Hawaii Island. We honored them by putting leis and flowers on their gravesites. It was truly the best experience I have had to date.

I am so grateful for those people who gave to allow me to go on this incredible trip.

Washington Summer Trip

We flew to Washington in late June to attend Lynnette's mother Marilyn's funeral. The funeral was July 2nd. It was a beautiful ceremony, a celebration of an incredible woman and the life she lived, serving Jesus faithfully. It was great to see many friends and family members who came to the funeral. To sum up what Lynnette said at her Mom's celebration would be:

"Her children raise up and call her blessed; her husband also and he praises her; many woman have done excellently, but you surpass them all." Proverbs 31: 28-29

May we all be inspired to love fiercely, laugh often and embrace life's journey with grace and joy! I love you Mom!!

We were blessed by incredibly generous friends who helped cover our travel costs, including getting our older sons there from California and Texas, as well as providing a free place to stay! Such a blessing!

Josiah and Austin were able to come for about a week. Their girlfriends, Hanna and Kolby, were also able to come. So looking at

Lynnette with the students and staff of the Maternal Health School Spring '24

Maternal Health School Outreaches

The Foundations of Maternal Health School that Lynnette staffed in the Spring quarter wrapped up on June 20th, with 15 of the 19 students and a few staff then going on a 10 week outreach.

Outreach teams went to Guinea Bissau/South Africa, to Philippines/Malaysia, and a team to Nepal and India.

The teams all got to be involved in women's health and prenatal education, some got to be part of assisting women through their labors and delivery, with the overall goal of planting seeds to help the people in these nations to see the need for better maternal health awareness.

the bright side, it was really fun to connect as a family. We even got to celebrate 4th of July with our great friends, the Smith and Cline Ohana. The day included great Mexican food, fireworks, competitive games and golf.

We ended up staying in Washington until late July. We felt it was important to stay with Lynnette's Dad Dennis, and be a support to him. It was really fun being able to take him to the Raspberry festival in Lynden, in addition to all the practicals.

Kyle (16) flew back early, as he had to get back to work, so Paul, Lynnette and Tre had a couple of opportunities to drive Tre up to the Vancouver (Canada) area, to show him places we would visit and take his older brothers when we lived in Washington.

Fall News

We are now back in Kona. Kyle has already started back at school (his junior year of high school) but Tre's school only starts this coming week. Tre will be in 6th grade this year, a middle schooler!

The fall quarter student intake looks like we'll have about 630 students coming on October 2nd to study in various discipleship training schools and upper level schools. There will be 17 different schools running this upcoming quarter. So we're excited for all the Lord will do in and through the lives of these students.

Paul continues to serve on the campus CFO team, working to ensure the University stewards funds well. He also continues to lead the development of the University's salesforce system, the primary system for all applicants to the campus (students, staff and volunteers). This system continues to help the running of the campus and facilitate more administrative excellence, which makes the University's training programs better.

Lynnette is praying about what ministries to be involved with this coming quarter.

With friends, Scott & Chris Cline

July 4th ready!

With the Smith Ohana on July 4th

Kyle and fellow students in Normandy
